Emery Bowden Collection

1959-1960

Loose

L A S S I E . IX/1959

Lassie and Timmy are ill at ease, because there are 9 tigers hiding at the end of the village.

Can you spot them?

L A S S I E . IX/1959

The lost elephant

Lassie and Timmy want to find Jumbo, who walked away from the Circus.

It is very hard to find him.

Can you sho w the way Lassie went and where he sniffed out the elephants'

whereabouts?

START

Timmy & Waldo Johnson

December 1960

Lassie wants to bring Timmy and Waldo Johnson to their parents' home. First she has to find them and them bring them home. Can you show her way through the maze by a pencil line? You must never cross the black lines or cross your own path.

December 1960

Lassie

Timmy has received four equal pieces of cloth, and each piece has a different design. Trace or cut them out and see if you can put the four parts together so that they make a perfect square. If you do this correctly you will see that it has his friend's name on it.
